

Front Foam Gasket Options

1mm or 2mm thick, the gasket cushions your display and helps keep dust and moisture out of your device.

A gasket aids in the manufacturing process by helping compensate for irregularities in the front bezel.

One-Piece
Closed Cell
Foam Gasket

HantouchUSA offers optional front foam gaskets on all of our touch screens. The gasket is applied in our factory clean room to prevent dust or contamination. The Gasket can be ordered in 1mm or 2mm thicknesses.
